Intro. Res. No. -2014  
Introduced by Legislator Muratore

Laid on Table 12/2/14

**RESOLUTION NO. -2014, ADOPTING LOCAL LAW  
NO. -2014, A LOCAL LAW TO SAVE TAXPAYER  
DOLLARS ON COUNTY SIGNS AND PRINTED PUBLICATIONS**

**WHEREAS**, there was duly presented and introduced to this County Legislature at a meeting held on , 2014, a proposed local law entitled, "**A LOCAL LAW TO SAVE TAXPAYER DOLLARS ON COUNTY SIGNS AND PRINTED PUBLICATIONS;**" now, therefore be it

**RESOLVED**, that said local law be enacted in form as follows:

**LOCAL LAW NO. -2014, SUFFOLK COUNTY, NEW YORK**

**A LOCAL LAW TO SAVE TAXPAYER DOLLARS ON COUNTY  
SIGNS AND PRINTED PUBLICATIONS**

**BE IT ENACTED BY THE COUNTY LEGISLATURE OF THE COUNTY OF  
SUFFOLK**, as follows:

**Section 1. Legislative Intent.**

This Legislature hereby finds and determines that the County of Suffolk produces thousands of pages of printed material each year, including brochures, forms and other necessary publications.

This Legislature also finds and determines that many of these documents contain the names of County elected and appointed officials.

This Legislature further finds and determines that each time a new elected or appointed County official enters public office, the printed materials from the previous official are discarded and documents with the name of the new official are printed.

This Legislature finds that this system of printing materials each time a new official takes office is a waste of taxpayer dollars and environmental resources.

This Legislature determines that, in the interest of conserving County resources, publications, brochures and forms used in County Government should not contain the name of any appointed or elected official, except for letterhead and directory listings.

This Legislature also finds that removing the names of elected and appointed officials from County publications will also prevent the use of those documents as free advertising.

This Legislature further finds that the names of elected and appointed officials are also listed on signs by the entrances to County parks and other County facilities.

This Legislature determines that the County wastes valuable taxpayer dollars on changing these signs when new officials enter office as well.

This Legislature finds that the names of elected and appointed officials on most signs in the County are unnecessary and that ending this continued practice will save precious County resources.

Therefore, the purpose of this law is to require that all signs publications, brochures and forms used in County Government do not contain the names of any elected or appointed officials.

## **Section 2. Requirements.**

No sign, printed publication, brochure, or form used by the County of Suffolk shall contain the name of any elected or appointed County official.

## **Section 3. Exemptions.**

This requirement shall not apply to individual or departmental letterhead, directory listings or directory signs.

## **Section 4. Applicability.**

This law shall apply to all materials printed or signs erected on or after the effective date of this law.

## **Section 5. Severability.**

If any clause, sentence, paragraph, subdivision, section, or part of this law or the application thereof to any person, individual, corporation, firm, partnership, entity, or circumstance shall be adjudged by any court of competent jurisdiction to be invalid or unconstitutional, such order or judgment shall not affect, impair, or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, subdivision, section, or part of this law, or in its application to the person, individual, corporation, firm, partnership, entity, or circumstance directly involved in the controversy in which such order or judgment shall be rendered.

## **Section 6. SEQRA Determination.**

This Legislature, being the State Environmental Quality Review Act (SEQRA) lead agency, hereby finds and determines that this law constitutes a Type II action pursuant to Section 617.5(c)(20), (21), and/or (27) of Title 6 of the NEW YORK CODE OF RULES AND REGULATIONS (6 NYCRR) and within the meaning of Section 8-0109(2) of the NEW YORK ENVIRONMENTAL CONSERVATION LAW as a promulgation of regulations, rules, policies, procedures, and legislative decisions in connection with continuing agency administration, management and information collection. The Suffolk County Council on Environmental Quality (CEQ) is hereby directed to circulate any appropriate SEQRA notices of determination of non-applicability or non-significance in accordance with this law.

## **Section 7. Effective Date.**

This law shall take effect ninety (90) days subsequent to its filing in the Office of the Secretary of State.

THE STUDY AND MONITORING OF PUBLIC HEALTH  
RELATED HARMFUL ALGAL BLOOMS (CP 8224)**

**WHEREAS**, funds were adopted in the 2014 Capital Budget for the study and monitoring of Public Health Related Harmful Algal Blooms (HAB); and

**WHEREAS**, these funds will be used for a comprehensive assessment of the Peconic Estuary for the presence of *Alexandrium fundyense*, a microalgae associated with "red tides", which contains a marine bio-toxin causing paralytic shellfish poisoning; and

**WHEREAS**, there are sufficient funds within the 2014 Adopted Capital Budget and Program to cover the cost of said request under Capital Program Number 8224; and

**WHEREAS**, amortizing the bonds over the period of probable usefulness ("PPU") of the study and monitoring may be fiscally beneficial as compared to including the items in the weighted average maturity ("WAM") determined for a typical bond issue; and

**WHEREAS**, Resolution No. 471-1994 and as amended by Resolution No. 461-2006 has established a priority ranking system as the basis for funding Capital Projects such as this project; and

**WHEREAS**, the County Legislature, by resolution of even date herewith, has authorized the issuance of \$25,000 in Suffolk County Serial Bonds; now, therefore be it

**1<sup>st</sup> RESOLVED**, that this Legislature, being the lead agency under the State Environmental Quality Review Act ("SEQRA"), Environmental Conservation Law Article 8, hereby finds and determines that this law constitutes a Type II action, pursuant to Section 617.5 (C) 20, 21, and 27 of Title 6 of New York Code of Rules and Regulations ("NYCRR"), and the Legislature has no further responsibilities under SEQRA; and be it further

**2<sup>nd</sup> RESOLVED**, that it is hereby determined that this project, with a priority ranking of fifty-seven (57) is eligible for approval in accordance with the provisions of Resolution No. 471-1994 as amended by Resolution No. 461-2006; and be it further

**3<sup>rd</sup> RESOLVED**, that if it is determined to be fiscally beneficial, the study and monitoring of public health related harmful algal blooms will be financed utilizing the PPU of the project; and be it further

PRIVILEGED AND CONFIDENTIAL  
INTER-OFFICE/INTRA-AGENCY COMMUNICATION  
NOT SUBJECT TO FOIL DISCLOSURE

To: Diane Weyer, Principal Financial Analyst

From: Walter Dawydiak, Jr., P.E., J.D., Director, Division of Environmental Quality *J.D.*

Date: October 22, 2014

Subject: Request for Introductory Resolution for Adopted 2014 CP 8224 (Public Health Related Harmful Algal Blooms); \$25,000

I request drafting of an Introductory Resolution for the Adopted 2014 CP 8224. The resolution would appropriate \$25,000 to support a more comprehensive assessment of the Peconic Estuary for the presence of *Alexandrium fundyense* which contains a marine bio-toxin causing paralytic shellfish poisoning (PSP). This project aligns with the Administration's Water Quality Initiative as it shall assess the spatial extent of this organism within the Peconic Estuary. This organism has been shown to thrive in nutrient rich waters, therefore, it shall assist in planning for pollution control measures and determining what areas would be well served with implementing nitrogen reduction strategies. In addition, results of this assessment shall provide valuable data to the forthcoming HAB Action Plan and Strategy project.

This appropriation request is necessary to begin planning and implementation in early 2015 when environmental conditions are ideal for this organism to bloom. The NYSDEC currently monitors only 2 locations within the Peconic Estuary for this organism. If warranted, we expect the NYSDEC to pick up and continue any necessary future monitoring.

Project Description:

Paralytic shellfish poisoning (PSP) is an illness caused by eating shellfish contaminated with dinoflagellate marine algae called *Alexandrium fundyense* which contains a powerful marine bio-toxin. Human consumption of this bio-toxin can cause both gastrointestinal and neurologic symptoms such as headache, nausea, vomiting, numbness, dizziness, paralysis, and in severe cases, respiratory failure.

*Alexandrium fundyense* dinoflagellates are a class of phytoplankton (microalgae) often associated with "red tides", a reference to the resulting reddish-brown discoloration that is imparted to the water column when one of these organisms blooms. Bivalve molluscs, including clams, mussels, scallops, and oysters, gather their food by

filtering dinoflagellates (and other plankton) from the water. Because this results in the algae becoming concentrated in their systems over time, the molluscs can be poisonous even when there is insufficient numbers of dinoflagellates present to cause a visible red tide.

From 1986 through 1989 a survey was undertaken by the Office of Ecology in an effort to characterize the population dynamics of *Alexandrium fundyense* in eleven Suffolk County embayments. Of the eleven sites studied, PSP toxin was found in mussels placed at three sites in the western Peconic Estuary (Reeves Bay, Terrys Creek, and East Creek), with the public health standard of 80 ug of toxin/100 g of shellfish meat exceeded on one occasion.

In the spring of 2000, a routine PSP survey program was initiated with sampling of nine sites in the Peconic Estuary (including the Peconic River, Reeves Bay, Terrys Creek, Meetinghouse Creek, East Creek, James Creek, Deep Hole Creek, Cold Spring Pond, and Bullhead Bay). Sampling was repeated in the fall at the same locations; results for all samples collected were negative.

However, more recently, the emergence of this marine biotoxin causing PSP has been identified by NYSDEC to be present in the Peconic Estuary (e.g. Meetinghouse Creek, Sag Harbor Cove) thereby resulting in shellfish closures annually since 2012. Therefore, it is requested that funds be appropriated to support a more comprehensive survey of the Peconic Estuary for the presence of this marine biotoxin at locations (to be determined) not routinely monitored by NYSDEC in an effort to identify its spatial extent. Samples would be collected at various sites on a weekly basis and sent to a laboratory for analysis. Sampling may include shellfish tissue, sediments, and surface water. Any locations yielding positive results for PSP will be forwarded to NYSDEC for appropriate follow up.

Dear Mr. Schneider:

I request the introduction of the enclosed Resolution to appropriate funds for the study and monitoring of Public Health Related Harmful Algal Blooms (CP 8224). ### **MEMORANDUM OF SUPPORT**

Title Of Bill: Accepting and appropriating a grant in the amount of \$22,980 from the New York State Governor's Traffic Safety Committee (GTSC FFY2015) Police Traffic Safety (PTS) Program Grant with 100% support for the Sheriff's Traffic Safety Initiative.

#### PURPOSE OR GENERAL IDEA OF BILL:

Grant funding in the amount of \$22,980 will be used to participate in the statewide Police Traffic Services (PTS) Program. The goal is to increase seat belt usage and reduce aggressive, speeding, distracted and other dangerous driving behaviors in an effort to reduce serious injury and death from traffic crashes.

#### SUMMARY OF SPECIFIC PROVISIONS:

The Sheriff's Office will participate in the Governor's Traffic Safety Committee (GTSC) Federal Fiscal Year 2015 Police Traffic Services (PTS) Program which incorporates planned enforcement activities targeting identified crash causing traffic violations and /or behaviors at their specific times and places of occurrence and active enforcement of the State's seat belt and child restraint laws.

#### JUSTIFICATION:

Over the past several decades New York has implemented laws and programs to impact highway safety and has experienced reductions in the number of serious injuries and fatalities due to motor vehicle crashes. Despite this success, the consequences of motor vehicle crashes continue to be a problem in New York State. A large percentage of these traffic crashes can be directly attributed to aggressive, speeding, distracted and other dangerous driving behaviors. In addition, motor vehicle occupants who are properly restrained in a motor vehicle crash have a better chance of survival with less serious injuries than those who are unrestrained. Directed traffic law enforcement is the proven key to reducing these dangerous behaviors, motor vehicle crashes and their tragic results.

**RE: Contract Number C523696**

**Project ID # II12-1049-D02**

Dear Mr. Cohen:

I am pleased to inform you that your locality has been awarded a Governor's Traffic Safety Committee (GTSC) Ignition Interlock Device Monitoring award in the amount of \$372,735 to support probation supervision and monitoring services. This year's allocations are different than last year's awards due to an updating of conviction data using 2013 figures. There has also been an increase in the reimbursement rate to \$135 per monitoring order. The award will be for the contract period October 1, 2014 to September 30, 2015.

Statutory changes resulting from the enactment of Chapter 169 of the 2013 Laws of New York State modified "Leandra's Law." The revisions include a clarification that Youthful Offenders are subject to Ignition Interlock Device (IID) installation and monitoring, the provision that installation and use of an IID may be ordered for anyone in advance of sentencing, and the provision that the minimum period for installation is one year. Your contract's work plan reflects these amendments to the law, and also emphasizes the utilization of certain Department of Motor Vehicle (DMV) data sources to assist counties in their monitoring efforts.

In order to facilitate the development of the new contract, please go into the Division of Criminal Justice Services (DCJS) Grants Management System (GMS) under your contract number and ensure that all contact information for your program is accurate under the *Participant* tab of your GMS record, or update as necessary and hit the "Submit" button by October 24, 2014.

Please note the following information with regard to reporting and vouchering:

- *Vouchers/Claims* - Please refrain from submitting claims/vouchers to the DCJS Finance Office until you receive executed contracts. Fiscal claims and vouchers should be submitted *quarterly* to:

NYS Division of Criminal Justice Services  
Finance Office, 10<sup>th</sup> Floor  
Alfred E. Smith Building  
80 South Swan Street  
Albany, New York 12210

2108

- *Progress Reports* - All programs must submit quarterly Progress Reports via GMS within 30 days of the end of the calendar quarter as follows:

<u>Calendar Quarter</u>	<u>Report Due</u>
January 1 - March 31	April 30
April 1 - June 30	July 31
July 1 - September 30	October 30
October 1 - December 31	January 29

- *Office of Probation and Correctional Alternatives (OPCA) Quarterly Reports* - In addition to the four (4) work plan based progress reports referenced in contract Appendix A-1 which are required to be submitted in GMS, the grantee is also required to submit quarterly reports with program data involving receiving logs on the form: **County Monitors' Report of Ignition Interlock Device Pre-Sentence/Sentencing Orders Received and Installation Status**. Please ensure that your jurisdiction is completing and submitting the most recent version of this form, which was modified during the 2013-2014 contract year to reflect the aforementioned changes to the law. This form must be sent to OPCA at [dcjsopcaiireports@dcjs.ny.gov](mailto:dcjsopcaiireports@dcjs.ny.gov) on the quarterly schedule indicated above. It is expected that an updated version of this report will also be available through Caseload Explorer in the near future.

Please note that these funds are dependent upon awards made through the Governor's Traffic Safety Committee (GTSC) each year, therefore, there is no guarantee of future funding for this program. All grantees should make every effort to manage funds efficiently and seek ways to sustain the ignition interlock program with other resources wherever possible.

Congratulations on your award! We look forward to continuing our work with you on this important initiative.

Very truly yours,

Michael C. Green  
Executive Deputy Commissioner

**2014 INTERGOVERNMENTAL RELATIONS  
MEMORANDUM OF SUPPORT**

2108

**TITLE OF BILL:** ACCEPTING AND APPROPRIATING 100% FEDERAL FUNDS AWARDED AS PASS-THRU FUNDING BY THE NEW YORK STATE DIVISION OF CRIMINAL JUSTICE SERVICES TO THE SUFFOLK COUNTY DEPARTMENT OF PROBATION AND AUTHORIZING THE COUNTY EXECUTIVE TO EXECUTE RELATED AGREEMENTS.

**PURPOSE OR GENERAL IDEA OF BILL:** The Director of Probation has requested the acceptance of funds in connection with the GTSC Ignition Interlock Device Monitoring Program. These federal funds will be used to engage in Breath Alcohol Ignition Interlock Device monitoring activities in Suffolk County for DWI-related offenders sentenced, pursuant to Chapter 496 of the 2009 Laws of New York State, and whose sentence requires the installation and maintenance of Ignition Interlock Devices in vehicles owned or operated by the offender.

**SUMMARY OF SPECIFIC PROVISIONS:** This Legislation requests the acceptance and allocation of \$372,735 of funding for the 2014-2015 Federal fiscal period. This funding will facilitate reimbursement at a rate of \$135.00 per Ignition Interlock Device order to further this initiative.

**JUSTIFICATION:** The Probation Department has participated in the GTSC Ignition Interlock Device Monitoring Program since the program inception, as required by State Law, and receives an annual allocation of funding for cost reimbursement to the County for Ignition Interlock device monitoring. For the funding period of October 1, 2014 through September 30, 2015 the participation in the GTSC Ignition Interlock Device Monitoring Program has again been extended.

**FISCAL IMPLICATIONS:** The funding will allow for an offset to the cost of the monitoring vendors contract and has in the past provided additional funds to the County. This grant does not allow for the direct claim of staff or contractual costs. Compliance is based on the reporting of the actual court ordered Ignition Interlock conditions and compliance with monitoring of the devices actually installed. A portion of the allocated funding was not included in the adopted 2014 or proposed 2015 Operating Budget. The Legislation requests the appropriation of the additional \$247,735 to expenses and recognition of the allowable total of \$372,735 in revenue.

NOTICE OF LIMITS

FOR

2110

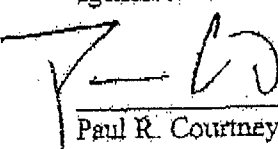

FY 2015 STATE AND LOCAL OVERTIME REIMBURSEMENTS

Subject to the availability of funding and legislative authorization, the FBI may reimburse state and local law enforcement agencies (LEA) for the cost of overtime incurred by officers assigned full-time to FBI managed task forces provided the overtime expenses were incurred as a result of task force related activities. Consistent with regulation and policy, a separate Cost Reimbursement Agreement (CRA) must be executed between the FBI and the LEA and an underlying Memorandum of Understanding (MOU) must exist in support of the task force relationship.

For Fiscal Year 2015, the maximum limits for reimbursements under these CRAs are \$1,447.85 per month and \$17,374.25 per year for each officer assigned full-time to the task force. These limits are effective for overtime worked on or after October 1, 2014.

These reimbursements are limited to eligible officers' direct overtime salary expenses and shall not include any costs associated with the LEA's indirect expenses or officers' benefits such as retirement, social security, and similar related expenses.

FBI field offices and state and local law enforcement agencies may process overtime reimbursement requests under formally executed CRAs in accordance with the authority of this notice. This notice is issued unilaterally by the FBI's Head of Contracting Activity and does not require formal acceptance and signature by FBI field offices and state and local law enforcement agencies.

### SECTION ONE – Analysis of Communities

Provide an analysis that identifies the neighborhoods or communities from which the greatest number of juvenile delinquents and persons in need of supervision (PINS) are remanded to detention or residentially placed. Note any communities or neighborhoods that are different than in last year's plan. Please ensure that your identification of target areas or populations is clearly highlighted in your plan.

Over the past years, Suffolk County has experienced a significant reduction in juvenile detention placement rates for both the Juvenile Delinquent (JD) and Persons in Need of Supervision (PINS) populations. In 2009, Suffolk had a total of 343 admissions to secure and non-secure detention. This dropped by 48% by 2013 to a total of 178 admissions. 66.7% were JD's and 33.3% were PINS. In 2013, 39 youth from Suffolk County were in OCFS placement.

Suffolk County has a few communities with higher rates of detention and placement. However, given the large geographic span of Suffolk County, and low number of youth in detention and placement from Suffolk, the need to target specific communities is not warranted. This plan will focus on county wide initiatives for further reducing placement and detention.

### SECTION TWO – Description of Services and Programs to be Funded

### SECTION THREE – Disproportionality

Provide available information (use objective data or, if none exists, you may provide anecdotal or other information) indicating whether the use of detention or residential placement in your service area shows a significant racial or ethnic disproportionality. What, if any, differences are there from what was noted in last year's plan? Additionally if NO data exists, what measures will your jurisdiction implement to monitor disproportionality? According to the US Census, the racial ethnic composition for Suffolk County's is 81% White, 7.4% Black, 3.4% Asian, and 5.6% other. The Hispanic population (any race) is 16.5% of the population. Suffolk County's 2013 detention data indicates that 28% of youth in detention are White, 34% are Black, and 34% are Hispanic.

- If such disproportionality exists, describe how the service/programs proposed for funding will address the disproportionality: The County is planning to use the upcoming Juvenile Justice Assistance Grant to improve Suffolk County's capacity for collecting and managing juvenile justice data; align data elements, management and analysis methods across Long Island counties (Nassau and Suffolk) so their juvenile justice data is comprehensive and comparable.

### SECTION FOUR – Efficacy of the Programs and Services

Provide a description of the proposed services and programs that explain the four listed elements

Please answer the questions below for each of the programs highlighted in Section Two

1. How they will reduce the number of youth who are detained or residentially placed: Each of the programs will reduce the number of placed or detained juveniles by addressing the underlying problems resulting in placement/detention. Program #1 is an intensive day reporting program which is a last effort to keep a juvenile out of placement through education and life skills. This is a proven successful program. The remaining 5 programs provide diversionary services not only to the juvenile but also to their families. Providing these services to families will allow them to address their issues before they escalate to the point of court intervention and the possibility of detention or placement.
2. How they are family –focused: All six of the programs have components built in that address the family as a whole but also offer individualized services to the juveniles to help them to address the underlying problem that puts them at risk for court intervention. The respite component offers a short term living alternative so the juvenile and families can get additional services to work through the present problem and resolve the problem before court intervention or while awaiting a court appearance when a return home is not an immediate option.
3. Whether the services/programs are capable of being replicated across multiple sites: Program 1 services the entire County at the present time and could be split to two sites if the resources were available. The remaining 5 components are in a pilot stage and it will take time to replicate the programs Countywide. Suffolk County is a vast geographic area and the tendency is for more services to be available in the Western Townships but we are looking to pursue Eastern Township vendors.
4. If the same plan was used last SFY, were the performance outcomes met and describe the outcomes. Suffolk County submitted a plan last year but did not enact any of the components so outcomes are not applicable at this time.
5. What were the barriers if not met? Not applicable

### SECTION FIVE – Overall Strategy and Justification for the Proposed Programs Services

The purpose of STSJP funds is to establish supports and services for youth who, absent these services, are likely to be detained or placed. Funds should therefore be clearly targeted to meet the needs of the types of youth who in the past have been admitted to detention or residentially placed. With this specific purpose in mind, describe the strategy devised by your county's collaborative to address the STSJP Funding objective through the programs chosen in Section Two. Please discuss in the section below. Through other programs in Suffolk County we have seen the value of the six components and feel that they will all have an impact in the reduction of detention and placement juveniles. Suffolk Probation is open to additional or alternative components should any of these not meet the anticipated outcomes.

### SECTION SIX – Performance Outcomes

For 2014-2015, provide the projected performance outcomes for your proposed services and programs, being sure to

2111  
include:

- An estimate of the anticipated reductions in detention utilization and residential placements: All juveniles (28 of them in 2013/2014) in the Day Reporting Program were at risk of placement and were successfully diverted. Respite will provide a short term living arrangement for a juvenile that would normally have to be placed in Detention if there is no alternative safe house. The exact reduction in detention utilization is not available at this time.
- Other projected positive outcomes for youth who participate in the services and programs: All of these services and programs focus on the problems of not only the juvenile but the family as well and offer to both the life skills and/or program referrals to allow them to work through the difficulties and provide them with the necessary coping skills to improve their circumstances.

## SECTION SEVEN – Assessment of Success Achieving Previous Performance Outcomes

Although performance outcome data for 2013-2014 may be incomplete because many jurisdictions were unable to implement programs until late in the year and data-producing structures are not yet in place, we are asking you to provide available data on your STSJP programs for each of the following parameters for 2013-2014 year. The inclusion of that information will help establish local and state baseline information on SSJP programs and may be useful in informing discussions about potential improvements to be made in your STSJP Plan.

- What were your projected performance outcomes in your 2012-2013 STSJP Plan for your proposed services and programs: Not applicable
- Were there other positive outcomes for youth participating in STSJP services and programs? Not applicable

Please provide the following information for your county or the jurisdiction served by your STSJP programs for 2013-2014, indicating if the geographic area is anything other than countywide: Not applicable

TTL number of youth under 16 arrested:

TTL number of youth admitted to detention programs:

TTL Number of youth placed out of their home as part of a disposition in a JD and/or PINs case:

**COMMENTS**

Please assess whether the services and programs in your 2013-2014 STSJP Plan achieved the projected reductions in detention utilization and residential placements and other performance outcomes. If they did not, what were the barriers?

**SECTION EIGHT – Cooperative Applications Submitted Jointly by Two or More Counties**  
*(Complete this section only if this is a joint application)*

Two or more eligible local jurisdictions (counties) may join together to establish, operate, and maintain supervision and treatment services for juveniles programs and may make and perform agreements in connection therewith. **2014 INTERGOVERNMENTAL RELATIONS  
MEMORANDUM OF SUPPORT**

2111

**TITLE OF BILL:** ACCEPTING AND APPROPRIATING 62% STATE AID REIMBURSEMENT FUNDS AWARDED BY THE NEW YORK STATE OFFICE OF CHILDREN AND FAMILY SERVICES TO THE SUFFOLK COUNTY DEPARTMENT OF PROBATION AND AUTHORIZING THE COUNTY EXECUTIVE TO EXECUTE RELATED AGREEMENTS.

**PURPOSE OR GENERAL IDEA OF BILL:** The Director of Probation has requested the acceptance of reimbursement funds in connection with the NYS OCFS Supervision and Treatment Service for Youth Program (STSJP) for the State Fiscal Year 2014-15. These funds will be used to offset the cost of the five contracted components of the NYS OCFS STSJP mandated program activities in Suffolk County for diversionary services from Detention and Placement.

**SUMMARY OF SPECIFIC PROVISIONS:** This Legislation requests the acceptance and allocation of \$559,860 of revenues for the 2014-2015 State fiscal period. This funding will facilitate 62% reimbursement of projected program costs in the amount of \$903,000. \$540,000 in contracted costs is already a part of the 2014 and 2015 budgets at 100% County funding. The additional \$363,000 in contracted expenses is requested to be allocated to contract agencies under the newly created Appropriation 3182.

**JUSTIFICATION:** Suffolk County has been allocated reimbursement funding for participation in the NYS STSJP program for the last three fiscal years and again for the 2014-15 State fiscal year. This funding is for counties to develop and enact diversionary programs for juveniles in an effort to reduce Detention and Placement costs and admissions. The plan submitted by the Probation Department was accepted and alternative programs are being developed and contracted for. One existing Probation program is eligible for reimbursement as an alternative to placement and will no longer be 100% funded by the County. If this program was not enacted this year the State has already indicated future funding would be lost.

**FISCAL IMPLICATIONS:** The funding will allow for reimbursement, at 62%, of the cost of Detention and Placement diversionary programs. The County will benefit from reimbursement on a \$540,000 contract which has previously been 100% County funded. These programs are also an offset to the costs of detaining and placing juveniles for which the County incurs 51% fiscal responsibility. Despite adding projected contractual costs of \$363,000, the projected reimbursement funding will result in a net gain of \$19,860. Due to the

lengthy process of submitting and receiving approval for the Probation plan, these proposed expenditures and revenues were not included in the adopted 2014 or proposed 2015 Operating Budget. The Legislation requests the appropriation of the additional \$363,000 to contractual expenses and recognition of the projected total of \$559,860 in revenue.

This Grant Agreement ("this Agreement") is made by and between the United States Department of Housing and Urban Development ("HUD") and Suffolk County Department of Social Services (the "Recipient").

This Agreement is governed by title IV of the McKinney-Vento Homeless Assistance Act 42 U.S.C. 11301 et seq. (the "Act") and the Continuum of Care Program regulation (the "Regulation").

The terms "Grant" or "Grant Funds" mean the funds that are provided under this Agreement. The term "Application" means the application submissions on the basis of which the Grant was approved by HUD, including the certifications, assurances, and any information or documentation required to meet any grant award condition. All other terms shall have the meanings given in the Regulation.

The Application is incorporated herein as part of this Agreement, except that only the project listed, and only in the amount listed on the Scope of Work, is funded by this Agreement. In the event of any conflict between any application provision and any provision contained in this Agreement, this Agreement shall control.

Exhibit 1, the FY2012 Scope of Work, is attached hereto and made a part hereof. If appropriations are available for Continuum of Care grants; and if Recipient applies under a Notice of Funds Availability published by HUD; and, if pursuant to the selection criteria in the Notice of Funds Availability, HUD selects Recipient and the project for renewal, then additional exhibits may be attached to this Agreement. Those additional exhibits, when attached, will also become a part hereof.

The effective date of the Agreement shall be the date of execution by HUD and it is the date use of funds under this Agreement may begin. If the project funded by this Agreement is a new project, Recipient and HUD will set an operating start date in LOCCS for the project, which will be used to track expenditures and to determine when the project is eligible for renewal. If this Agreement renews funding for a project, the term of this Agreement shall begin at the end of the Recipient's final operating year for the grant being renewed, and eligible costs incurred for the project between the end of Recipient's final operating year under the grant being renewed and the execution of this Agreement may be paid with funds from the first operating year of this Agreement.

This Agreement shall remain in effect until termination either 1) by agreement of the parties; 2) by HUD alone, acting under the authority of 24 CFR 578.107; or 3) upon expiration of the final operating year of the project funded under this Agreement.

2125

4. To require certification from any subrecipient that:
  - a. Subrecipient will maintain the confidentiality of records pertaining to any individual or family that was provided family violence prevention or treatment services through the project;

  - e. The subrecipient, its officers, and employees are not debarred or suspended from doing business with the Federal Government; and
  - f. Subrecipient will provide information, such as data and reports, as required by HUD; and
5. To establish such fiscal control and accounting procedures as may be necessary to assure the proper disbursement of, and accounting for grant funds in order to ensure that all financial transactions are conducted, and records maintained in accordance with generally accepted accounting principles, if the Recipient is a Unified Funding Agency;
6. To monitor subrecipient match and report on match to HUD;
7. To take the educational needs of children into account when families are placed in housing and will, to the maximum extent practicable, place families with children as close as possible to their school of origin so as not to disrupt such children's education;
8. To monitor subrecipient at least annually;
9. To use the centralized or coordinated assessment system established by the Continuum of Care as required by §578.7(a)(8). A victim service provider may choose not to use the Continuum of Care's centralized or coordinated assessment system, provided that victim service providers in the area use a centralized or coordinated assessment system that meets HUD's minimum requirements and the victim service provider uses that system instead;

- 2125
11. Enter into a subrecipient agreement requiring subrecipient to operate the project in accordance with the provisions of this Act and all requirements under 24 CFR 578; and
  12. To comply with such other terms and conditions as HUD may have established in the applicable Notice of Funds Availability.

HUD notifications to the Recipient shall be to the address of the Recipient as stated in the Application, unless HUD is otherwise advised in writing. Intro. Res. No. -2014

Laid on Table 12/2/14

Introduced by Presiding Officer on request of the County Executive

**RESOLUTION NO. -2014, TO AMEND SECTION 948-26 OF THE SUFFOLK COUNTY CODE FOR DEER HUNTING (SHOTGUN SEASON) ON A PILOT BASIS**

**WHEREAS**, the County currently offers deer hunting during both bow season and shotgun; and

**WHEREAS**, during bow season the County sells a seasonal archery permit for Thirty-Five Dollars (\$35.00), to Suffolk County residents only, who wish to bow hunt in approved areas on County parkland; and

**WHEREAS**, the rates for deer hunting during shotgun season are currently collected as a daily fee only; and

**WHEREAS**, the Sporting Advisory Council has recommended the County add a seasonal shotgun fee, on a three-year pilot basis, as they feel not having a seasonal permit is a deterrent to hunters who wish to hunt on County parkland; and

**WHEREAS**, the resident seasonal shotgun permit will be the same cost as a seasonal archery permit; now, therefore be it,

**1<sup>st</sup> RESOLVED**, that deer hunting (shotgun season) in Section 948-26 of the SUFFOLK COUNTY CODE is hereby amended to read as follows:

## 2014 INTERGOVERNMENTAL RELATIONS MEMORANDUM OF SUPPORT

TITLE OF BILL: An act to amend Section 948-26 of the Suffolk County Code for Deer Hunting (Shotgun Season) on a pilot basis.

PURPOSE OR GENERAL IDEA OF THE BILL: Offer an option to Suffolk County residents, allowing them access to hunt County property during shotgun season at a seasonal rate, as well as, the current daily rate.

SUMMARY OF SPECIFIC PROVISIONS: This legislation amends the fee schedule for deer hunting during shotgun season, adding a seasonal fee equal to that of the seasonal archery permit offered during bow season. The seasonal permit fee will be Thirty-Five Dollars (\$35.00) for residents. There is no discounted or tourist fee. The amendment is for a three-year pilot basis, unless extended by a subsequent resolution.

JUSTIFICATION: By offering the option of a daily fee and seasonal fee, we hope to promote County parkland to those who wish to hunt during shotgun season. We hope this will encourage more patrons to use County parkland, therefore increasing revenue to the County.

FISCAL IMPLICATIONS: The County will receive \$35.00 from residents who wish to purchase a seasonal hunting permit, instead of \$17.00 per day. The County will still receive \$17.00 from residents who wish to pay the daily rate.

Greg Dawson, Commissioner  
Suffolk County Dept. of Parks, Recreation & Conservation  
Montauk Highway - P.O. Box 144

Dear Commissioner Dawson,

I am a member of the Sporting Advisory Council, and for the past three years I have been recommending a fee schedule change for hunters who hunt deer during the gun season. I propose that a season permit be offered as an additional option for the gun season, just as it is now for the archery season. You may think it odd that a waterfowl representative would make requests concerning deer hunting. In fact, most hunters are hunters of more than one type of game. Many waterfowl hunters are also deer hunters. I have expressed my opinion that the fee schedule for Suffolk County Parks deer hunting permits during gun season is excessive to the point of being a deterrent to hunters who wish to hunt on county parkland during gun season.

When gun hunters try hunting on a property for the first time, they do not expect immediate success. They realize that without dedicated scouting in advance, the chances for a first time successful hunt outcome of a new area are not very good. At the end of the first day's hunt, most hunters will have begun to revise their "game plan" for hunting that property. Having seen some promising signs in a different area of the property, the hunter will want to focus on that new information for the following outing. In this way, a hunter may take three or four day outings before he is able to establish the likely pattern of deer movement on that property. The current fee schedule is \$24 for a green key card plus a per diem charge of \$17. If the hunter is to hunt 4 days on county land during gun season, that hunter will spend \$92 in fees for the experience. OR, the same hunter can hunt on thousands of acres of DEC managed state lands for free. And some of those state managed lands are literally adjacent to the county land that he must pay high daily fees to hunt. Is it any wonder that after the hunter has hunted his lottery day on county land, he is inclined not to return to county land during gun season for deer?

2127

In reality, most hunters seeing a \$17 daily fee understand this to mean *we don't want you to hunt with a gun on county land. Go somewhere else! We are purposely imposing this fee to drive you away.* At the same time hunters look at the archery fee schedule. Archers can hunt 90 days on county land for a season permit fee of only \$35. This says to hunters *we are doing everything that we can to encourage archers to hunt on county land. We don't want gun hunters!*

This fee schedule is very inequitable. It encourages archers while discouraging gun hunters. What is really difficult for the hunter to understand is the why? The seasons are mutually exclusive. Archers cannot hunt with a bow during the gun season. They are not allowed in the woods with the bow to hunt deer at that time. Many archers are also gun hunters. How many archers who pay just \$35 for a season permit to hunt for 90 days of bow season will suddenly begin paying \$17 a day to hunt the same locations with a gun in January??

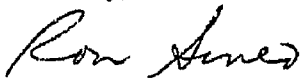

I believe that many gun hunters would gladly pay a \$35 season fee to hunt county land during the gun season. Now, for the most part, the county is only collecting the one day fee of \$17 and that mostly from those who are selected from the lottery to hunt. Under this proposal, if the gun hunter is faced with the 4 day hunt scenario that I outlined in the beginning, he would pay just \$35 besides his Green Key, instead of \$68. If the county were actually collecting the \$68, I would say fine! Leave it alone! The truth is no one is paying for 4 days of gun hunting on county land during gun season. Most aren't paying for three or two days even. Why? Because they can hunt the state land for free.

I propose that you support a fee schedule change for the deer gun season to include a \$35 season permit, just like there is now for the archery season. I believe this will promote more use of county lands during gun season, and more hunters will pay for the \$35 season permit with the greatest of intention to utilize it, whether or not they actually spend more days afield.

I understand that in order to change the fee schedule it requires an act of the county legislature. I urge you to consider supporting this proposed change, by bringing it to the legislature for approval.

Thank you,

Sincerely,

Ron Sineo, President

**PETITION FOR A FEE SCHEDULE ADDITION FOR THOSE WHO DEER HUNT ON  
COUNTY PARKS LANDS NOT MANAGED BY THE DEC.**

**May 6, 2014**

Dear Commissioner Dawson,

As members of the SC Parks Sporting Advisory Council, we the undersigned, encourage you to revisit the current fee schedule for big game hunting on County Parklands. We believe that there should be a "season permit" option for hunters during the January gun season. We propose that you recommend a *trial* three year period, during which time a \$35 season permit offering for the shotgun season would be added to the fee schedule. We believe that such a season permit would encourage shotgun hunters to more frequently utilize the County Parklands. We also believe it would result in an increase in revenue for the County. During the trial period, the County could review what data it has for the past few years on shotgun season fee collections, and compare it to those fees collected during this new trial period. If necessary, a sunset clause could be attached to this proposal. Then in the unlikely event that this added fee option is proven not to increase revenue, it can be allowed to sunset without further action needed.

We urge you to bring this proposal to the Legislature so that, if approved, it will be put in place in time for the January, 2015 Special Firearms season for Deer on Long Island.

Dear Dr. Mazzarelli:

On behalf of Interim Provost Bringsjord, thank you for submitting your proposals focusing on New Opportunities in Information Technology-Cybersecurity, and New Energy Education for Degree-seeking students in response to the High Needs RFP. Each application was reviewed by a committee of campus presidents, chief academic officers, and chief business officer from all institution types. The committee ranked every proposal according to the criteria set forth in the application guidelines and also included funding recommendations in their evaluations. Based on that analysis, as well as input from campus program reviewers to determine relevant academic capacity and the State University Construction Fund to consider the physical capacity at each campus, we made a final determination as to which proposals would be funded and at what level of funding.

I am pleased to inform you that funding was approved for one of your campus proposal as follows:

- New Opportunities in Information Technology: Developing an A.A.S. in Cybersecurity will be funded for \$72,083 in AY 2014-2015 towards personnel and equipment. Award funds will be distributed by System Administration using the typical voucher payment process.

Unfortunately, your other proposal was not ranked high enough to be funded.

Please note that this award is not additive to your base financial plan on an ongoing basis and enrollment growth related to any approved initiative does not equate to growth in direct State tax support to your campus.

Importantly, you will be expected to submit a six month progress report addressing each area below through an online survey instrument, as appropriate, by February 2, 2015:

- A data section describing the profile of students who have applied, been accepted, and enrolled in the High Needs program, including appropriate comparison data from previous cohorts;
- A description of the number and quality of faculty hired to support enrollment;
- A description of the equipment purchased in support of the program;
- A description of related facilities planning/construction—e.g., Laboratory and Library facilities; and
- A narrative section describing how the funds improved the campus' ability to meet workforce needs of the region and/or state.

Additionally, by the end of your first year (no later than August 14<sup>th</sup>, 2015) you need to submit a final report addressing how the funding was spent. Any future High Needs funding requests are contingent on achieving first year milestones and performance targets.

Please contact Assistant Provost Lisa Montiel ([Lisa.Montiel@suny.edu](mailto:Lisa.Montiel@suny.edu); 518-320-1535) if you have any questions.

The College proposes to develop a new A.A.S. degree in cybersecurity, which will enable students to earn stackable industry-recognized credentials while gaining academic credits toward an associate's degree. The program will maximize students' opportunity to either enter the workforce directly with the skills required to meet the explosive growth within this industry sector, or to transfer to a baccalaureate program for further study and expanded career options. Suffolk's cybersecurity program will build upon the strengths of the College's Department of Engineering and Industrial Technology and its strategic partnership with Cisco Systems, Inc.

The SUNY High Needs Program will assist Suffolk in becoming only the third SUNY community college to offer an A.A.S. degree in cybersecurity by: (1) funding start-up laboratory hardware and software needed to support the new program; and (2) supporting personnel costs toward development of the new cybersecurity lab.

RE: Request for Approval of Award of Contract for Unemployment Insurance Administrative Services

~~~~~

A draft of a Resolution to approve the award of a contract for Unemployment Insurance Administrative Services is attached. The Department of Civil Service currently contracts with Reviewed Costs, Inc. d/b/a Industrial U.I. Services for these services; however, that contract will expire on December 31, 2014. The Department of Public Works advertised for these services and mailed the Request for Proposals to three potential bidders and received only one response from Reviewed Costs, Inc. d/b/a Industrial U.I. Services. Approving the award of the contract to the only bidder will save the County money by restricting the payment of unemployment insurance benefits to only those claims that are eligible under Unemployment Insurance Law.

Please initiate this resolution to approve the award of the contract for unemployment insurance administrative services.

An e-mail version of the Resolution has been sent to CE RESO REVIEW saved under the title "Reso-CS-Unemployment Insurance Admin Svcs".
